

“An American Value by an American Company”

American Prosthetic Components, LLC manufactures high quality modular prosthetic components that are sold throughout the world. Our components are designed and engineered to meet or surpass ISO 10328 Standards, with testing performed by an independent test facility. Our production processes comply with the CE requirements of 92/42/EEC.

Quality and value is of utmost importance to us at American Prosthetic Components. We stand behind that quality by offering a Best-In-Class 5 year warranty on our modular components. Our goal is to continue to increase our product offering and the value our components bring to our customers and their patients.
